Keynote Speaker

Transportation Planning & Traffic Engineering in an Airport Environment

Gavin Duncan – Sr. Vice President, InterVISTAS

Gavin Duncan is Senior Vice President at InterVISTAS and is based in the San Francisco Bay Area. Over the last 27 years he has focused on airport ground transportation and parking planning, design, operations, and finance. Gavin has worked on more than 50 airports around the world, as well as various TRB ACRP Reports on airport ground transportation and parking facilities. He has a Bachelor's degree from Rice University and a Master's degree from Georgia Tech.
